

Before/After School Programs

The Governing Board desires to provide before-school and/or after-school enrichment programs that support the regular education program and provide safe, constructive alternatives for students. In order to increase academic achievement of participating students, the content of such programs shall be aligned with the district's vision and goals for student learning, its curriculum and district and state academic standards and shall be integrated with other learning support activities.

The district's program shall be planned through a collaborative process that includes parents/guardians, students, representatives of participating schools, governmental agencies including city and county parks and recreation departments, local law enforcement, community organizations, and if appropriate, the private sector. (Education Code 8422, 8482.5)

The program shall include academic and enrichment elements in accordance with law and administrative regulation. In addition, the program may include support services that reinforce the educational component and promote student health and well-being, including, but not limited to, drug and violence prevention programs, counseling/guidance services, character education, and programs that promote parent/guardian involvement and family literacy.

A fee may be charged to participating families based on the actual cost of the services. The fee may be waived or subsidized based on economic disadvantage or other critical needs in accordance with Education Code 8263 and 8350.

The Board and the Superintendent or designee shall monitor student participation rates and shall identify measures that shall be used to determine program effectiveness, such as outcome-based data on academic performance, attendance, and positive behavioral changes.

The establishment of any program shall be approved by the Board and the principal of each participating school. (Education Code 8421.8482.3)
