

Long Beach Unified School District

Proposed Budget

2011-2012

June 20, 2011

May Revision Overview

- Reflects higher revenue but doesn't change the dynamics of the budget
- Funds Prop 98 at \$52.4 billion — \$3 billion higher than January
- Eliminates \$2.5 billion of cash deferrals
- Eliminates \$349/ADA reduction — flat funding
- However — **Assumes taxes are extended** — at this time, we do not have a legislative approval* or a voters' approval
- LBUSD Response: We cannot budget based on wishful thinking. We must wait for a State approved budget.

* The Governor vetoed the budget approved by the legislature on June 16, 2011

Reasons Why Funding Level for Districts Is Not Increased

The \$3 billion includes:

- Reversal of \$2.5 billion in K-12 apportionment deferrals
 - Provides **no** impact to the Districts' budget
 - Helps with cashflow only — reduces the possibility of cash loans
 - Will receive 2011-2012 money that has already been budgeted and are owed to Districts in 2011-2012 instead of 2012-2013
- Reversal of \$350 million in community college deferrals
- Funding for a new mandate — mental health and out-of-home care for Special Education students, which was previously funded by counties

LACOE Directives

- Budget for flat funding for the revenue limit.
- Assume the net funding for a COLA for 2012-2013 @ 3.2% and 2013-2014 @ 2.7%, although Districts may want to assign a reserve for any COLAs reflected in the multi-year projections pending more data for potential funding.
- Reserve in the General Fund, in the budget and two subsequent years, an amount equivalent to the increase in funding (approximately \$330 per ADA). This will provide the District additional resources and flexibility pending the enactment of the State budget.

LACOE Directives (con'd)

- Based on the uncertainties surrounding the budget, LACOE strongly recommends that Districts continue to preserve any cost containment measures already taken until a State budget is enacted. Each district should assess its specific situation, and make budget year decisions and out-year plans accordingly.

LACOE Directives (con'd)

Two Revenue Limit Projections

- Flat funding
- Based on a potential reduction of \$330 per ADA

2011-2012 Projected Revenues

Revenue limit sources and other state revenues make up 87% of total revenues.

Frequently Asked Question

If the District budget has been reduced, why is the District budget still not balanced? (Revenues are reducing while costs are going up.)

- Reduced federal funding for Title I and Title II—\$5 million per year, or \$15 million for 3 years
- Mental Health Services—additional encroachment of \$3.6 million per year, or \$10.8 million for 3 years
- Additional substitute teacher costs (salaries and statutory benefits)—\$8 million per year, or \$24 million for 3 years
- Step and column increases—average \$6.5 million per year
- Health & welfare benefit increases—12% per year or around \$15 million a year
- ARRA funding ending
- Gear Up funding ending
- Furlough savings are one-time

Pending

- Preliminary multi-year drafts assume flat funding and have not addressed uncertainties of tax extensions, potential COLAs not materializing, and potential revenue limit reduction of \$330 per ADA
- How to deal with Budget Reductions still needed in the multi-year projections
- How to solve structural deficits (when revenues exceed expenditures)
