

## Getting Started

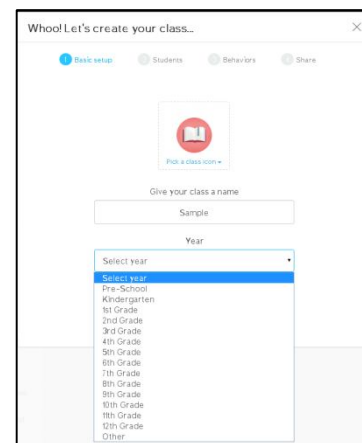

- Create a New Account

- Click on Add your class

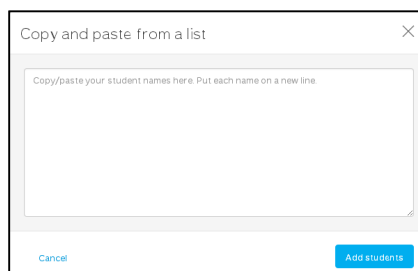

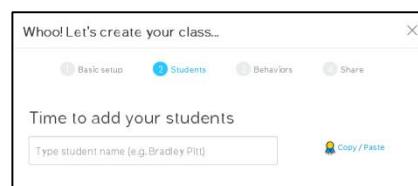

- Name your class and choose your grade level. You can have multiple classes with a different name

- Add your students either by adding them individually,

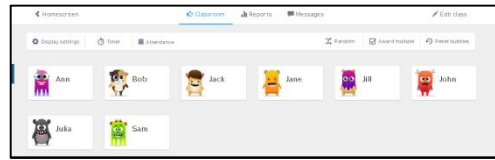

or

- Copying and pasting from a list

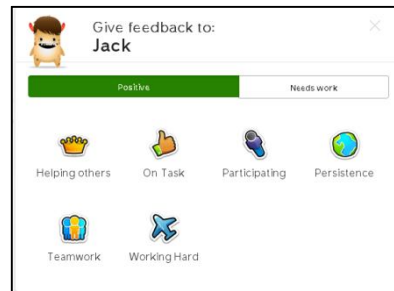

## Using Class Dojo

- You can choose a student and award them feedback

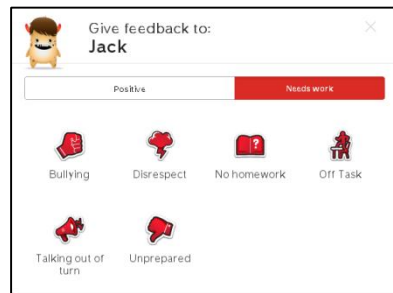

- Positive

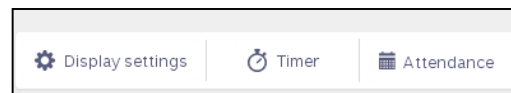

or

- Negative

## Customizing Behaviors

- On the Home Screen click on Display Settings and then click on Edit students and behaviors

- Choose Behaviors
- Click on an icon and then Name the behavior
- Save when done
- You can also add a behavior by clicking on the + sign
