Evaluation of responsible Bidders will be based on, but not limited to such factors as ability to deliver products in a timely manner, appropriateness and quality of materials offered, length and scope of the warranties and pricing.

In addition to the consideration of the daily rate provided by the bidder in each bid type, the following items may be considered in the award of this contract:

If the cost of such substitution services is greater than the cost of the services which were to have been provided by the CONTRACTOR, the excess cost shall be charged to and collected from the CONTRACTOR. The DISTRICT also reserves the right to collect from the CONTRACTOR such other additional damages as may flow from the CONTRACTOR's failure or refusal to perform.

12. Termination of Agreement: If the CONTRACTOR refuses or fails to perform services as required to provide the DISTRICT with efficient, safe and economical transportation services, or any separable part thereof, including furnishing adequate equipment and properly trained personnel, or if the CONTRACTOR should be adjudged as bankrupt, or if the CONTRACTOR should make a general assignment for the benefit of creditors, or if a receiver should be appointed on account of the CONTRACTOR's insolvency, or if the CONTRACTOR should repeatedly or persistently refuse or fail to provide equipment and personnel in quantities required to provide transportation services as herein specified, or the CONTRACTOR persistently disregards laws, ordinances or instructions of the DISTRICT or is otherwise guilty of a substantial violation of this Agreement, then the DISTRICT may, without prejudice to any other right or remedy, serve written notification upon the CONTRACTOR of intention to terminate this Agreement. Failure of the DISTRICT to enforce at any time, or from time to time, any provisions of this Agreement shall not be construed as a waiver thereof. The remedies herein reserved shall be cumulative and additional to any other remedies in law or equity.
15. Attorney Fees: If either party hereto becomes involved in litigation arising out of this Agreement or the performance thereof, the court in such litigation, or in a separate suit, shall award reasonable costs and expenses, including attorney fees, to the party justly entitled thereto. 18. Hold Harmless Agreement: The CONTRACTOR shall hold harmless and indemnify the DISTRICT, its officers and employees from every claim or demand made by reason of:
- A. Any injury to person or property sustained by the CONTRACTOR or by any person, firm, or corporation employed directly or indirectly by him upon or in connection with his performance under the contract, however caused;
 - B. Any injury to person or property sustained by any person, firm or corporation, caused by any act, neglect, default, or omission of the CONTRACTOR, or by any person, firm or corporation directly or indirectly employed by him upon or in connection with his performance under the contract, and;
 - C. The CONTRACTOR at his own expense and risk shall defend any legal proceeding that may be brought against the DISTRICT, its officers, agents and employees on any such claim or demand as set forth in paragraph (a) and (b) above of this subsection, and pay and satisfy any judgment that may be rendered against the DISTRICT and the CONTRACTOR as it pertains to this subsection.
-

19. Unscheduled School Closing: The DISTRICT shall not be obligated to pay for any services hereunder on those days when the schools and classes of the DISTRICT are closed to insure the health and safety of pupils, or for any other lawful reason.

20. Force Majeure: The CONTRACTOR shall be excused from performance hereunder during the time and to the extent that he is prevented from performing in the customary manner by acts of God, loss of transportation facilities, commandeering of materials, products, plants or facilities by the government, when satisfactory evidence thereof is presented to the DISTRICT.

The CONTRACTOR agrees that in the event of a strike, and/or other loss of equipment or facilities, it will in good faith attempt to locate and employ other contractor(s) and facilities in order to provide the services agreed to in this contract. Further, that any and all additional cost incurred, if any, will be borne by the CONTRACTOR. The DISTRICT agrees to assist the CONTRACTOR, if possible, to minimize disruptions. An employee lockout by the CONTRACTOR is prohibited, unless specifically permitted by the DISTRICT in writing.

21. Payments for Services: On or about the first business day of each month, the CONTRACTOR shall submit invoices in the format and number of copies required by the DISTRICT for all services provided the prior month under this contract.

22. Revenue Deductions: In addition to liquidated damages deductions, shall be made for failure to provide services as required by this Agreement. The formula for the individual deduction is as follows: The number of runs missed on a given day by the bus, divided by the number of runs scheduled for that day's route, multiplied by the appropriate daily rate.

The assessment of such deductions shall in no way relieve the CONTRACTOR of his obligation to provide sufficient buses and drivers, including spares or substitutes, to perform such service.

23. Liquidated Damages: It is agreed by the CONTRACTOR and the DISTRICT that, from the nature of the services to be rendered, it is impractical and extremely difficult to fix the actual damage to the DISTRICT through failure of the CONTRACTOR to provide any of the services under this Agreement, and, therefore, there shall be assessed a fixed sum of two hundred and fifty (\$250) dollars per failure to provide service as liquidated damages. Failure to adhere to any provision of this Agreement shall result in an assessment of two hundred and fifty (\$250) dollars per incident as liquidated damages. Such liquidated damages are in addition to revenue deductions and any other remedy available to the DISTRICT.

For purposes of this section an incident is defined as:

School Bus Service: Each scheduled run which is missed, late, or otherwise not performed in accordance with this Agreement shall be considered an incident. (IE: a missed route with six scheduled runs in one day would be considered as six incidents.)

Other failures to adhere to the provisions of the Agreement shall be considered on an incident per day basis. (IE: a bus without a working radio, being driven by an unapproved driver, or failure to submit required paperwork, would be liquidated as a single incident per applicable day.)

24. Equipment Requirements: Equipment and services covered by this Agreement must comply with applicable laws, ordinances and other legal requirements, including (among others) the federal and California minimum standards governing school transportation vehicles, California Education Code, and must, in addition, meet the approval of the DISTRICT. Equipment to be used in this agreement must be available from the start of the agreement period.

SCAQMD: The DISTRICT is in the jurisdiction of the South Coast Air Quality Management District. As such, the CONTRACTOR is subject to the same Rules and Regulations for purchase and operation of School Buses imposed by the SCAQMD as for school districts. The CONTRACTOR is responsible for any fines levied upon the DISTRICT due to the CONTRACTOR not meeting the requirements of the SCAQMD.

25. Age of Equipment: All buses may not be more than ten (10) model years old at any time during this Agreement. An exception to this requirement may be granted by the DISTRICT in unique situations solely at the Districts discretion. Approval in writing must be received from the DISTRICT prior to assignment of said buses. All buses, including spares, must meet the age criteria in order to be acceptable for use under this Agreement. All buses shall be properly certified by the California Highway Patrol and meet all requirements of the Federal Motor Vehicle Standards, California Code of Regulations, California Vehicle Code, and Rules and Regulations of the South Coast Air Quality Management District.

26. Type I Equipment:

Transit: Buses must have a capacity of 77 or more passengers as certified by the California Highway Patrol. Buses must be equipped with the 39" (minimum) flexible seat with the 3 or 2 person passenger restraint system.

27. Cleaning and Repairs: Regular preventive maintenance, as approved by the bus manufacturer, shall be practiced on all buses. Buses shall be cleaned inside and out as necessary, and repairs to visible body damage, inside or out, shall be made immediately after such damage occurs.

-
28. Required Modification of Equipment: Any installation or modification of equipment required by a change in law or regulation shall be made by the CONTRACTOR and the DISTRICT shall be notified of such work. Such required installations or modifications cost shall be borne by the CONTRACTOR and shall be scheduled in a manner that will not interfere with service to the DISTRICT.
 29. Bus Inspection: In order to ensure the same, the CONTRACTOR will make each bus available for inspection by the DISTRICT. The DISTRICT may inspect bus vehicles at any time. Inspection may be conducted at any school during a regular run or at the DISTRICT garage, or at the CONTRACTOR's garage. Dates and times of such inspections are not required to be posted in advance.
 30. Two-Way Radios: The CONTRACTOR will provide two-way radio equipment for each bus servicing the Agreement, including standby buses. The Dispatch Office radios must be maintained in good working condition at all times during the term of the Agreement. Failure to maintain each radio on each bus in good working order at all times when such buses are being assigned to transport pupils shall be a material breach of the CONTRACTOR's obligations pursuant to this Agreement. A two-way radio unit will also be supplied to the DISTRICT Transportation Office to assist in the monitoring of daily routes and schedules.

The CONTRACTOR agrees that the DISTRICT shall have permission to monitor, intercept, use, and divulge all radio transmissions and oral communications between the CONTRACTOR's radio units.

Real-time access to the system must be provided to the DISTRICT with any service and cost borne by the CONTRACTOR. A brand name specific system is not being required at this time; however, it is the intent of the DISTRICT to integrate the CONTRACTOR's G.P.S. data with the EDULOG routing software currently in use at the DISTRICT. Therefore, the CONTRACTOR should make certain that the system they choose can easily be integrated with routing systems, such as EDULOG. All buses must be equipped with G.P.S. devices by the start of the Agreement.
 32. Public Address System: All type I (transit and conventional) buses shall be equipped with an adequate public address system.
 33. Video System: School bus video systems have proven to be beneficial in reducing vandalism and pupil behavior disruptions. An operational digital camera system shall be required for all buses in regular or stand-by service to the DISTRICT. Digital camera data must be provided to the DISTRICT on demand by the end of each operating day. Viewing of the digital camera data file must not be limited to a specific proprietary program; it must be able to be viewed by most standard PC video applications. The CONTRACTOR may utilize park-outs of any vehicles assigned to the DISTRICT transportation service, if park-outs do not decrease the efficiency or quality of the service to the DISTRICT.

Maintenance: The CONTRACTOR shall establish and maintain a maintenance facility, as approved by the DISTRICT, equipped and staffed as required to perform preventive maintenance and repairs to vehicles on an as-needed basis.

35. CHP Rating: The CONTRACTOR shall, prior to the start of each school year, furnish the DISTRICT with their current California Highway Patrol Motor Carrier Section rating and will further advise the DISTRICT immediately of any change in rating which may occur during the school year.

37. Contractor's Personnel: All personnel assigned to perform under this contract shall be subject to continuous approval by the DISTRICT.

The pre-employment screening will include driving instruction in driving a school bus, pupil management and handling disabled pupils. Drivers must demonstrate proficiency in their ability to speak, read and write in English. The screening program shall be designed to assist the CONTRACTOR in determining qualifications and suitability of candidates for assignment as a school bus driver.

40. Bus Drivers:

A. All drivers employed by the CONTRACTOR to provide service to the DISTRICT must have and maintain a valid Commercial Driver's License and School Bus "Special Certificate." As required by State law, all drivers are subject to a fingerprint scan and background check prior to being in service to a school district. This is in addition to the similar requirement to obtain a School Bus Certificate. This service will be conducted by the DISTRICT or as otherwise agreed to by the DISTRICT.

B. All drivers must be in good health at all times when driving school buses in service of the DISTRICT.

C. When driving school buses in service of the DISTRICT, all drivers shall be well groomed and shall wear the uniform provided by the CONTRACTOR and approved by the DISTRICT in accordance with guidelines for DISTRICT drivers.

G. It is agreed that driver turnover is disruptive to on-time school bus service as well as proper pupil management. In order to minimize driver turnover, drivers shall receive a minimum daily rate. This minimum rate shall be the higher of the current Federal or California minimum hourly wage times eight hours to equal a minimum daily rate.

Starting bus drivers are not to be paid less than the minimum daily rate as described above. It is expected that drivers will receive additional compensation for added years of service, and/or driving larger and more difficult types of equipment.

The CONTRACTOR will, upon request, supply pay schedules to the DISTRICT.

H. When the DISTRICT is obligated to pay the CONTRACTOR for school bus service under either the minimum daily or hourly rates included in this Agreement, the effected drivers are to be considered on duty, in a paid status and available for assignment by the DISTRICT.

41. Moral Character: The CONTRACTOR recognizes that, for the protection of pupils, drivers and other persons who have contact with the pupils and their families must be of stable personality and high moral character. The CONTRACTOR shall assure that all the CONTRACTOR's personnel meet these qualifications. The CONTRACTOR will not allow any person to drive a school bus whose conduct might in any way expose a child to any impropriety of word or conduct, nor shall CONTRACTOR allow any person to drive a school bus who is not in a condition of mental and emotional stability.
42. Personal Items: Firearms, knives, and other weapons are prohibited on school buses. The use of personal pagers and cell phones while driving a school bus is prohibited. School bus service is never to be interrupted or delayed by drivers handling personal business.

The CONTRACTOR shall provide for regular reporting to the DISTRICT of incidents of misconduct on the bus and corrective action needed. No pupil will be suspended from a school bus without the prior written permission of the principal of the school of attendance and/or the DISTRICT Transportation Office.
44. Substance Abuse: The use of alcohol, tobacco products, illegal drugs, or abuse of prescription drugs while driving a school bus is prohibited.

Drug Screen: In addition to Federal and State regulations, a drug and alcohol screen will be required of bus drivers subsequent to any accident that involves the bus driver. The screens must be performed by a reputable clinic and the results kept on file throughout the duration of the employment with the CONTRACTOR and shall be subject to inspection by the DISTRICT. The cost of the screen shall be the responsibility of the CONTRACTOR. Bus drivers who test positive for drugs or alcohol will not be eligible to work under this contract.
45. Routing and Scheduling: Prior to the start of any service under this agreement, the DISTRICT shall establish routes and schedules conforming to the needs of the DISTRICT. If, at any time during the term of the agreement, it is determined that service may be improved by revisions to routing, scheduling, or bus assignment, the DISTRICT shall plan and institute such changes. Increased services necessitated by program or population changes may be authorized by the DISTRICT. Any revisions so adopted shall be deemed an ordinary part of this agreement. All routes, schedules, bus stops and persons to be transported must be approved by the DISTRICT and are not to be revised without its authorization.
46. Change in Service: Increased or decreased service resulting from program and pupil population changes will be directed by the DISTRICT and shall be deemed an ordinary part of this Agreement. If during the term of this Agreement the DISTRICT determines that the existing service needs to be reduced due to better routing and scheduling or budgeting constraints, the DISTRICT will notify the CONTRACTOR thirty (30) days prior to implementation of the change in service.

48. Service Changes and Disruptions: Any change in normal service or disruption of service provided by the CONTRACTOR, shall be reported to the DISTRICT as soon as possible, but in no case later than fifteen (15) minutes from the time the CONTRACTOR is aware of such a situation. (IE: equipment breakdowns, lost or ill drivers, pupil disruptions, pupil illness or injury, buses running late, etc.)
49. Dry-Runs and Driver Orientation: Dry-runs of all routes will be performed by the regular driver on a weekday prior to the start of the school year each year the Agreement is in effect. All routes will be run as though it were the first full day of school.

The cost of such safety program shall be borne by the CONTRACTOR. Said program shall include, but not be limited to, regularly scheduled safety meetings for drivers. The CONTRACTOR shall conduct a minimum of four driver safety meetings each school year which shall be mandatory for drivers to attend. In the event a driver fails to attend at least three of these safety meetings, the driver will be subject to suspension. The agendas of the meetings shall be available for inspection by the DISTRICT upon written request.

The DISTRICT may provide training sessions at one or more of the CONTRACTOR's regularly scheduled safety meetings and may provide the CONTRACTOR with curriculum materials required for special training.

52. Standby Buses and Cover Drivers: The CONTRACTOR shall keep standby bus equipment and qualified bus drivers available (equal to 10% or more of buses and drivers in regular service) to assure that uninterrupted service can be provided in the event of mechanical breakdowns or routine daily driver absenteeism. The CONTRACTOR must plan for long term absence coverage and not rely on the standby drivers to cover for long term situations thus depleting their availability for routine daily assignment. Standby buses and drivers shall meet the same requirements as buses assigned scheduled runs.
-

Cover Drivers: Cover drivers should have at least one year of regular route experience, be knowledgeable of DISTRICT procedures, location of all DISTRICT school sites, and be proficient at map reading. Cover drivers are subject to DISTRICT approval and are required to attend training sessions for both regular and special education service.

53. Administration and Supervision of Transportation Services: The CONTRACTOR shall maintain staff as required for effective management and supervision of the transportation service provided to the DISTRICT. Personnel such as dispatchers and management staff members shall not drive school buses except in case of emergency. Said personnel, while not required to have a school bus certificate, are at a minimum, required to have gone through the same training as would be required to become school bus certified.
 54. Representative On Duty: While pupils are being transported, the CONTRACTOR must maintain at all times qualified persons on duty who would be able to immediately take care of any problem including but not limited to equipment breakdown, accidents, pupil discipline problems, emergency rerouting, lost drivers and other unexpected or routine matters which may arise in the CONTRACTOR's bus service. This provision includes both a qualified dispatcher and mechanic.
 55. Copies of the evaluations shall be maintained by the CONTRACTOR during the term of the driver's employment by the CONTRACTOR, plus one (1) year, and shall be available for review by the DISTRICT upon request. All drivers assigned to perform services under the Agreement shall maintain a minimum evaluation rating of satisfactory in all evaluation categories.
 56. Record Keeping and Reporting Requirements: The CONTRACTOR shall maintain daily records indicating route numbers, bus numbers, driver's name, the number of pupils transported to each school site, and the number of miles and hours driven. Records shall be maintained in an orderly fashion during the current fiscal year and for a period of one year after the end of any fiscal year. Records shall be available to the DISTRICT for review and audit upon request. In addition, the CONTRACTOR shall maintain a file of the following reports:

Pupil injuries not resulting from involvement in a school bus accident bus may be reported on forms provided by the DISTRICT at its option.
58. Adjustment of Rates: Compensation for all services provided under the terms of this contract may be adjusted annually in consideration of satisfactory performance and increased cost in service of the contract. 59. Operating Days: The actual number of operating days for regular and special education service buses shall be based upon the school calendar(s) as adopted by the Board of Education. The actual number of operating days may vary according to the route assigned to that bus serving a particular school. The number of days indicated on the calendar shall be subject to further reduction to the extent any pupil free days are granted as determined by the DISTRICT. Calendars shall be provided to the CONTRACTOR as soon as they are available each year.
60. Definition of School Bus Service Terms: Time and mileage charges for all school bus service shall be calculated for "live time" (when pupils are on board) only.
