Submit Date:

Status: New

Parent Involvement Focus Area(s):

We work to involve parents while providing resources for parents to use with students in the home. Although this is necessary for all parents and students, we use a greater amount for communication icons for students with special needs. These funds will be used for newsletters, flyers, meeting agendas, and visual supports to assist our students.

Expected Outcome:

Parental attendance will be increased at meetings and/or workshops through multiple means of communication. Parents will also be provided with materials aligned to our work her to use at home with students, for future reference, and to share with others families.
