

BOARD OF EDUCATION  
LONG BEACH UNIFIED SCHOOL DISTRICT

---

SUBJECT: School Site Security

Enclosures: None

---

CATEGORY: New Business

Reason for Board  
Consideration: Information/Action

Date: April 18, 2018

---

**RECOMMENDATION:**

Staff will immediately commence efforts to provide for additional school site security by enclosing the perimeters to school campuses and enforcing a single point of entry.

Components of this effort will include:

- Fencing to enclose open areas between buildings and complete existing perimeter fencing.
- Accessible ramps, where needed, to allow access to the main entrance and allow for a single point of entry.
- Monitoring (camera) systems to regulate entry to sites and monitor the path of travel to the front office.

The total estimated cost for this effort is \$11.0 million, to be supported by Facilities Bond funding.

Approved and Recommended:

Christopher Steinhauser  
Superintendent of Schools
