

After School Education and Safety Program Universal Grant

NOTICE OF INTENT TO APPLY

The Long Beach Unified School District (LBUSD) is providing this notice of intent to apply for the After School Education and Safety Program Universal grants. The application is due on or before January 22, 2019. This notice outlines LBUSD's plan for submitting the application through the California Department of Education. This notice identifies LBUSD as the Local Education Agency responsible for submitting the application for funding.

LBUSD operates an expanded learning program known as Winners Reaching Amazing Potential (WRAP) at fifty-six K-12 school sites across the district. The program provides students with academic enrichment, homework help, physical activity and a nutritious snack at no cost to students or families.

The After School Education and Safety grant funding is currently used to fund the K-8 afterschool program sites in LBUSD. WRAP sites have a high demand to service more students. LBUSD intends to apply for funding for the 2019-20 school year to continue to serve the maximum number of students possible in this free, daily expanded learning program.

Further information can be obtained from the WRAP Office at
(562) 997-8000 X7172.

Approved: LBUSD EACCR, Deborah DeDen
