

# After School Safety and Enrichment Program for Teens (ASSETs) Grant

## NOTICE OF INTENT TO APPLY

The Long Beach Unified School District (LBUSD) is providing this notice of intent to apply for the After School Safety and Enrichment Program for Teens grant. The applications are due on or before December 21, 2016. This notice outlines LBUSD's plan for submitting these applications through the California Department of Education. This notice identifies LBUSD as the Local Education Agency responsible for submitting the applications for funding.

LBUSD operates an expanded learning program known as Winners Reaching Amazing Potential (WRAP) at 2 high school sites in the district. The program provides students with academic enrichment, homework help, physical activity and a nutritious snack at no cost to students or families.

The After School Safety and Enrichment Program for Teens grant funding is currently used to fund the high school expanded learning program sites in LBUSD. WRAP programs currently have a high demand to service more students. LBUSD intends to apply for funding for the 2017-2018 school year to continue to serve the maximum number of students possible in this free, daily expanded learning program.

Further information can be obtained from the WRAP Office at  
(562) 498-2324.

*Approved: LBUSD EACCR, Director Robert Tagorda*
