ARTICLE VII

PROTESTS/RESOLUTION COMMITTEE

This section is designated to provide the members of the Moore League with a method to resolve grievances between Moore League members. Attempts to resolve grievances should first be made through direct communication between the schools involved. Whenever a school has a grievance regarding another school's actions it is strongly suggested that multiple methods of contact be used. E-mail, telephonic, and letters are all possibly methods. However, E-mail provides verification of communication. The Moore League Secretary should be copied on all E-mails to maintain a permanent record.

- 1. The Moore League Resolution Committee is a standing committee comprised of three (3) members. The school of the Moore League President, the school of the Moore League president-elect and the school of the Moore League Past President will each send one member to serve on the committee. The member must be a Principal, Assistant Principal, Athletic Director or Activities Director.
- 2. It is the function of the Resolution Committee to meet with the schools involved in the resolution, to allow each school to explain their position on the grievance, determine responsibilities, identify possible solutions, negotiate solutions between the schools involved and, when appropriate, dispense disciplinary action.
- 3. When the school involved in the resolution, either petitioner or respondent, is a member of the Resolution Committee, they will excuse themselves and be replaced on the committee, for this case only, by an alternate selected by the Moore League Secretary.
- 4. When both schools involved in the resolution are members of the Resolution Committee then they will excuse themselves and be replaced on the Resolution Committee, for this case only, by two alternatives from other Moore League schools. Each school involved in the resolution may select one alternate to serve on the Resolution Committee.

5. The Resolution Committee will meet to address a conflict, usually one hour prior to the regularly scheduled Moore League meeting. If either school is unable to attend at that time an alternate time will be arranged by the Secretary of the Moore League. If the petitioning school does not attend the Resolution Committee meeting, then it will be assumed that they are dismissing their grievance. If the responding school does not attend the resolution committee meeting, it is assumed that they are admitting to the grievance and will accept the decision by the Resolution Committee, although they retain the right to appeal to the entire Moore League as long as there are no time constraints.
6. If either school wishes to appeal the decisions by the Resolution Committee they may appeal it to the full body of the Moore League at the next regularly scheduled Moore League meeting.
7. When there is a time constraint involved there is no appeal and the disciplinary action taken by the Resolution Committee will stand. (i.e. no Moore League meeting is scheduled and it is not feasible to schedule a special Moore League meeting.)
8. When an appeal is taken to the Moore League, the appeal discussion will typically be allowed a maximum of 20 minutes. The time will be allocated in this order:

5 minutes	Petitioning School
5 minutes	Responding School
5 minutes	Resolution Committee Findings
5 minutes	Questions by League Schools
9. Each school will be allotted one vote on the appeal to uphold or to overturn the decision by the Resolution Committee.
10. Any school may bring an issue before the Resolution Committee by contacting the Moore League Secretary who will coordinate the committee.
11. The Moore League Secretary should keep a copy of all grievances sent to him/her to maintain an on-going record.
12. The Moore League Secretary may bring issues before the Resolution Committee when there are excessive grievances regarding a single school or when a complaint becomes continuous causing an ongoing concern.
13. Any action taken by the Resolution Committee will be reported at the next regularly scheduled Moore League meeting.
14. Possible disciplinary actions taken by the Resolution Committee imposed on a school may include but not limited to:
 - Financial responsibility for stadium rental, workers, referees, transportation
 - Playoff restrictions

- Cancellation games
- Forfeiture of games
- Forfeiture of home games
- Forfeiture of future seasons
- Suspension from the League

It is understood that disciplinary actions taken by the Resolution Committee should be progressive in nature and that the disciplinary actions should match the severity of the offense. (5/03).

- Sec. 1. A grievance shall be filed in writing by the Principal of the protesting school to the President of the League no later than one week after the alleged cause of the grievance has been discovered.
- Sec. 2. Before the filing of an official grievance, the Principal of the protesting school shall notify the President of the League and the Principal of the other school or schools involved in the intention to register a grievance, along with a statement of the points upon which the protest is based.

ARTICLE VIII

AMENDMENTS

- Sec. 1. The Constitution of the League may be amended at any meeting by a two-thirds (2/3) majority of the total voting membership provided notice of the proposed amendment has been sent to all members of the League two (2) weeks in advance.
- Sec. 2. The Bylaws may be amended or added to by a simple majority vote at any meeting providing the proposed change has been submitted to all members of the League in writing two (2) weeks in advance. (2/97)

CONTESTS
(9/11)

Sec. 1. The home team shall be responsible for reporting changes in league schedules to Moore League Secretary. The athletic directors of the schools involved in the requested change must mutually agree to the change and notify the League Secretary

In the event of inclement conditions, the officials of the home school are sole judges as the fitness of the field for play prior to the arrival of the game officials and must notify the traveling team as early as possible if the game is to be called off. The Athletic Director of the visiting school must be notified of any postponement by the end of the lunch for day contests and before 30 minutes prior to close of school for night contests. No game may be postponed after the dismissal of either school unless the grounds have been rendered unfit for play. After the contest has begun the head game official has the sole responsibility for determination of suitability of field conditions for play.

Sec. 2. Friday night League football contests may be scheduled as Saturday afternoon games by mutual agreement between schools involved.

Sec. 3. At all contests held inside of a gymnasium, the bleachers behind the team benches should not be pulled out, and the area should be clear of all spectators. (The exception would be if the bleachers are needed, because of an overflow from the other side.) (9/99)

Sec. 4. The home school shall have at least one administrator or designee in charge of supervising all Moore League contests being conducted on the home school site. Support personnel and faculty members may be used to assist in their obligation but are not to be used in lieu of an on-site administrator or designee. (6/95) Failure to comply with this provision will afford the coach of the visiting team the right to delay the start of the contest until such time as he/she is assured that adequate supervision has been provided. (Maximum time 20 min.) In the event that adequate supervision is not provided the visiting coach shall have the right to file a grievance as provided by Article VII, Section 1 and 2 of the Moore League Constitution.

Sec. 5. Adoption of League schedules constitutes a binding contract. Any member school that is included in the master schedule for a given season of sport must field a team (the term “team” includes minimum number of athletes needed to constitute a team as defined in the National Federation rules) and complete the season in that sport or be subject to action by the League Resolution Committee.

- a. Schools must make every effort prior to the preliminary scheduling process to determine whether or not they will field teams in all sports for that season of sport and will designate at which levels they will participate. Timely entries to the Master Schedule are critical and as follows: Fall Sports submitted no later than Oct. 1. Once committed and included in the master schedule, schools have one week (7 days) after the official start of practice during each sport season, as defined by the CIF-SS to notify the League Secretary of any changes. Schools not meeting the above deadlines may be subject to League action that would prohibit home games for that school.
- b. Schools fielding teams and not appearing for regularly scheduled contest will:
 - 1. Pay any and all expenses incurred by the other school, such as officials' fees, stadium rentals, transportation, etc. (CIF-SS Bylaw 151.2). Payment shall be made by the final Moore League game of the sport involved.
 - 2. Be not scheduled at the offended school the following season. The offending school shall pay officials' fees for that "Home Game" on the road.
 - 3. Be referred to the Resolution Committee whereby, at their discretion, the committee will be empowered to sanction the offending school. Sanctions could include disallowing the Varsity sport from entering CIF competition and/or preclude the offending team from league competition the following season (Team suspension). (5/03)

It will be the responsibility of each coach to see that no bench personnel commit actions that might be disrespectful or inciting to spectators.

There are many ways to get around the working of the ruling in strict interpretation; however, the intent of the rule was to develop a wholesome atmosphere and good sportsmanship. All song and spirit leaders activities are to be designed and organized to create an atmosphere of good sportsmanship. The spirit of this section is to be maintained throughout all scheduled pre-league and league competition. (10/94)

Sec. 7. No noisemakers (other than instruments used by the band) are permitted at any pre-season, league or CIF contest. The band is allowed to play during time outs, before/after the contest, halftime or other breaks in competition.

AWARDS
(09/11)

The following should represent guidelines for Harry J. Moore League member schools for initiating an athletic program.

Sec. 1. Emphasis of Recognition

Letters and other athletic awards are given in recognition for athletic achievement and service to the school, not as compensation for services rendered.

Sec. 2. Citizenship Obligations

The wearer of an athletic letter should conduct themselves at all times and in all places in such a way as to the school, the team, and the coach. Letters should be synonymous with good citizenship.

Sec. 3. A student who is not in good scholastic and citizenship standing at the time of presentation should not receive an award. distinguishing emblem except athletic team classification and bars that indicate the number of years on varsity in that sport.

No awards may be made to individuals except by the school student government, the League, or the California Interscholastic Federation. Individuals or organizations may participate in the giving of athletic awards by making a financial contribution to the Moore League Fund. Such contributions shall be limited to the purchase of awards that are approved by the awards framework of the league.

Offense	Defense
2 running backs	5 defensive backs
1 quarterbacks	3 linebackers
5 offensive linemen	4 defensive linemen
4 receivers (including tight end)	1 utility
1 utility	1 punter
1 kicker	

13 offensive players/ 13 defensive players/2 kickers

Before the end of league play, coaches will receive a nomination form where they will nominate players from their own team they feel are deserving of all league consideration. The maximum numbers for each position to be nominated per team are as follows:

Offense	Defense
2 Backs	5 Defensive backs
1 QB	4 Lineman
5 Lineman	3 Linebackers
4 Receivers	1 Punter
1 Kicker	1 Utility
1 Utility	

Coaches are permitted to nominate the same athlete for two positions. **A player can be All League in more than one position.**

Nomination forms are to be submitted to the person facilitating the selection process at least 5 days before the All League meeting. Once all nomination forms are received, the facilitator will distribute the voting ballot that includes all nominations from each position. **THIS IS AN ALL-OPPONENT BALLOT. COACHES CANNOT VOTE FOR ANYONE ON THEIR OWN TEAM. Coaches will submit their ballot before the all-league meeting to expedite the process.**

Coaches will vote for the following number of players per position, ranking them in numerical order.

(Example: top running back gets 5 points, next best back gets 4 points, etc..) The players with the most VOTES for each position will be All League.

Offense

5 running backs
2 quarterbacks
7 offensive linemen
7 receivers (including tight end)
1 utility
1 kicker

Defense

6 defensive backs
5 linebackers
7 defensive linemen
1 utility
1 punter

If there is a tie in votes for the last spot from any position, the facilitator will count up the number of points earned by each player involved in the tie. The player with the most points gets the all league spot. If there is still a tie, then both players will be selected. However, 2nd team will lose a spot at that position.

2nd team All League will have the same number of selections at each position as first team.

2nd team will be decided by the votes from the coaches' ballots. If there is a tie for the last spot on the 2nd team, the player with the most number of points will get the spot. If it's still a tie, then both players will be placed on 2nd team.

Flexibility is given to the coaches if they agree that a position deserves more/less all league spots in any particular year. There can always be less than 28 names on the 1st team All-League list but there cannot be more than 28 names

OUTSTANDING POSITION AWARDS

Players who are selected as one of the five outstanding athletes by position will be listed at the top of the certificate and not count toward the 28 names on the first team list. A total of 61 names will be listed on the certificate (5 outstanding position awards, 28 first team, 28 second team)

MOST VALUABLE PLAYER

Each player that receives the most votes from his position will be considered for the MVP award. The Moore League championship coach(es) will suggest which players should be considered for MVP. (4/13)Coaches will choose MVP through discussion. If the group cannot come to a consensus, then a secret ballot will be cast. Coaches cannot vote for their own player. The player with the most votes wins the MVP.

PLAYERS OF THE YEAR

Once the Most Valuable Player is chosen, the coaches will choose the following POY's:

Offensive Player of the Year
Defensive Player of the Year
Offensive Lineman of the Year
Defensive Lineman of the Year

Offensive/Defensive Player of the Year nominations will come from the top vote getters from offense and defense (MVP is excluded from this award). Through discussion, coaches will decide which players are to be selected as offensive/defensive players of the year. If the group cannot agree, then a secret ballot will be cast. Coaches cannot vote for their own player. The player with the most votes wins the Offensive/Defensive POY.

Lineman of the year (offensive and defensive) will be the person that received the most votes during the initial ballot. If this player is chosen to be the league MVP or POY, then the lineman with the next amount of votes will be named Lineman of the Year. If there is a tie, then the facilitator will add up the number of points for each player involved. The player with the most points will win the award. If there is still a tie, both players will be named as Lineman of the Year.

The Most Valuable Player, Offensive/Defensive Players of the Year, and the Linemen of the Year will have their names listed twice on the all league certificate. No additional names are to be added to the All-League team.
