High School Choice Information Day at Cabrillo High School December 5, 2009 9:00 a.m -12:00 p.m.

INTRODUCTION

Cabrillo High School is “A school on the MOVE!” As the newest full comprehensive high school in LBUSD we offer our students challenging and rigorous standards-based education. Along with AVID and Advanced Placement courses, we have also designed our school around four Small Learning Communities and three Secondary Specialized Programs that are designed to give the Cabrillo student an opportunity to explore career pathways that will give them the necessary skills to make a successful transition to careers and college.

SECONDARY SPECIALIZED PROGRAMS

(Students must apply for these Magnet and Special Programs on “Step 4” of the *High School Choice/Magnet Application*)

Specialized Academy of Computer Media, Arts and Animation (S.A.C.M.A.A.) is designed for students who have a passion for the Visual and Performing Arts and Computer Media. This program allows students to continually develop their skills within each of the three strands: Computer Media: Animation, Graphics, Web Design; Visual Arts: Drawing & Painting, Three-Dimensional Media or Performing Arts: Music, Dance and Drama.

Cabrillo Engineering & Design (CED) is designed for students who have an interest in math and science and want to be able to “Think, Create and Build” like an engineer. The Cabrillo Engineering and Design program infuses traditional mathematics and science courses, with the 8-step model of the Engineering Design Process. An academic GPA of 2.75 or higher and a C or better in Pre-Algebra is recommended.

University Scholars prepares Cabrillo’s brightest, most academically driven students to sustain a 3.3 GPA while taking a rigorous course of study, including several selections of Accelerated, Honors, and Advanced Placement courses. Beyond the academic challenge, University Scholars receive support through student advisory groups, after-school tutorials, with university visits and guest speakers. Our mission is to ensure our University Scholars are prepared for a successful transition to college.

Cabrillo High School ~ SMALL LEARNING COMMUNITIES

(Students must apply on *High School Choice/Magnet Application*)

Placement in these programs is done after acceptance into school is verified.

Cabrillo Health Occupations and Careers (CHOC) is committed to providing its students with a rigorous academic program incorporating the A-G requirements. CHOC students focus on exploring the world of high demand careers in health and human services through guest experts in the field, job shadowing, and conferencing opportunities WITH health and science specific elective classes.

Cabrillo Academy of Business (CAB) focuses on careers in global logistics and supply chain management. Students will have hands-on experiences in this field inside and outside of the classroom. Through partnerships with local colleges and businesses, students will be exposed to the various pathways leading from Cabrillo to the world of global logistics and supply chain management.
