

Summer School

The Governing Board recognizes that summer school provides valuable opportunities for students to improve their skills and make academic progress. When the need is demonstrated and funds are available, the Superintendent or designee, with Board approval, shall establish summer school day and/or evening classes for purposes of remediation, enrichment, and/or acceleration.

The district shall offer summer instructional programs for graduating high school seniors who need courses for graduation before the beginning of the next school year. (Education Code 41976.5)

(cf. 6146.1 - High School Graduation Requirements)

The district's summer school program may be used to provide supplemental instruction for students failing to meet academic requirements and/or students who desire enrichment in core academic subjects in accordance with law, Board policy, and administrative regulation. (Education Code 37252, 37252.2, 37252.8, 37253, 41505-41508; 5 CCR 11472)

(cf. 5123 - Promotion/Acceleration/Retention)

(cf. 6011 - Academic Standards)

(cf. 6143 - Courses of Study)

(cf. 6162.52 - High School Exit Examination)

(cf. 6179 - Supplemental Instruction)

Enrollment Priorities

Priority to enroll in summer programs shall be given to district students who:

1. Are eligible for supplemental instruction on the basis of retention or recommendation for retention pursuant to Education Code 37252.2
2. Are eligible for supplemental instruction on the basis of insufficient progress toward passing the state high school exit examination pursuant to Education Code 37252
3. Need course credits in order to graduate from high school before the beginning of the next school year
4. The remaining openings shall be offered to district students on a first-come first-served basis.

Attendance

Because summer courses cover extensive instructional content in a relatively short time period, students who have more than four absences (9.6 hours) may not receive credit for their summer session class(es).

Rotation of School Sites

Sites for summer school programs may be rotated in an effort to make summer school programs more accessible to all students, regardless of residence or regular attendance area, and to equalize long-term facility and maintenance needs.
