As COVID 19 restrictions have been increasingly adjusted to allow for more in person learning, our intention is to provide summer school in person. If there is a specific need to participate in an online only program during the summer, we will only be able to provide a very limited set of course offerings through the Apex online curriculum. Our goal is to provide both credit recovery and original credit opportunities during this summer session to meet the needs of our students.

Summer School Applications will be available online through the ParentVue, <https://parentlbUSD.lbschools.net/enrollment>, starting on May 7th. The deadline to complete the online registration application will be May 28th at midnight.
