43. NUTRITION POLICY:

To comply with the USDA requirements for Child Nutrition Programs, the Nutrition Services Branch intends to provide nutrient-dense meals (high in nutrients and low in calories) by increasing the availability of fruits, vegetables, whole grains, and fat-free and low-fat fluid milk in school meals; reduce the levels of sodium and saturated fat in meals; and meet the nutritional needs of school children within their calorie requirements.

It is the goal of the Nutrition Services Branch to minimize all artificial colors and flavors, and added sodium and saturated fat in processed foods. Therefore, The Nutrition Services Branch encourages manufacturers to minimize the use of artificial flavor and color additives, and/or chemical preservatives in the processing and preparation of products. The Nutrition Services Branch also encourages manufacturers to develop foods that are lower in sodium content and prefers that unsaturated fats are used in processing.

It is also the policy of the Nutrition Services Branch that all processed foods have only the minimum level of sodium, fat, sugar, and/or additives that are necessary for food preservation, safety, and palatability.

Food products and ingredients must contain zero grams of trans fat (<0.5 g per serving).

Fluid milk substitutes must meet both the SNP and CACFP program requirements. For information regarding SNP fluid milk substitutes visit fns.usda.gov and search Fluid Milk Substitutions in the SNP. For information regarding CACFP program requirements visit fns.usda.gov and search Fluid Milk Substitutions in the CACFP.

In order to meet the USDA whole grain requirement, only whole grain rich products will be offered, unless otherwise specified in the item specification. Whole grain rich products must contain a minimum 50% whole grain and the remaining grain if any, must be a creditable grain, as identified in the Food Buying Guide.

The sodium content of the products submitted in this bid will be evaluated and taken into consideration and may affect the final award.

Contractors/Bidders shall certify that the highest manufacturing standards and practices are employed to prevent cross-contamination from peanuts and tree nuts in all processed foods. Production in a peanut and tree nut free facility is preferred.

44. NUTRIENT CONTENT:

The Nutrition Service Branch utilizes a computer software program to analyze the nutrient content of student meals.

Manufacturers, distributors, and importers are expected to comply and remain current with legal requirements for food labeling, including Nutrition Facts, by Food and Drug Administration (FDA) and are responsible for assuring validity of a product label's stated nutrient values. The Contractor will therefore be required to provide product specification sheets, Product Formulation Statement (PFS) with accurate nutrient information and/or (Child Nutrition) CN label. The nutrition information must be certified by the R&D Director to be true and correct.

The following information will be required from the manufacturer: ingredient list, serving size, weight (g), calories (kcal), trans fat (g), carbohydrate (g), protein (g), total fat (g), saturated fat (g), cholesterol (mg), sodium (mg), iron (mg), calcium (mg), vitamin A (I.U.), vitamin C (mg), vitamin D (I.U.), fiber (g), potassium (mg), sugar (g), thiamin (g), riboflavin (mg), niacin (mg), vitamin B6 (mg), and folic acid (mcg).

45. ACCURACY OF NET CONTENT LABELING FOR CANNED GOODS:

Fill of Container:

A. Contractor must meet either the drained weight or the fill weight of the product as specified in the applicable U.S. Standards unless otherwise indicated herein.

B. The average net weight must meet the net weight as printed on the label.

The District may have a state's weights and measures representative or an independent testing laboratory conduct tests on the net contents of dairy, juice, canned fruit and vegetables and other products purchased for use in the Child Nutrition Program. If the test results indicate that the product(s) tested failed to meet

either contract or label specifications, the District reserves the right to seek any but not limited to the following remedies:

- A. The cost of the testing will be charged to the vendor.
- B. Cash restitution or in-kind replacement, at the District's discretion for the entire lot that failed.
- C. Payment for the value of all meals that the District served which failed to contain the required components of a reimbursable meal because the supplier provided short-weighted products.
- D. Time frames for providing restitution to the District.

Products failing to contain required quantities will constitute a breach of contract and may result in contract termination for cause and that all costs resulting from termination for cause must be borne by the Contractor.

46. PACKAGING/SHELF LIFE:

Packages shall be so constructed as to ensure safe transportation to point of delivery. Packaging should minimize breakage and maintain freshness. **CASES MUST BE CLEAN. SOILED AND DAMAGED CASES WILL NOT BE ACCEPTED.** Only new cartons shall be used for packaging. No previously used cartons shall be used for packaging.

Unless otherwise stated within the specification of each individual item, shelf life is to be within reasonable standards for all items and may be designated upon purchase of specific items if necessary. "Closed Dating" is a code that consists of a series of letters and/or numbers applied by manufacturers to identify the date and time of production. If 'Closed Dating' is used, then a key must be made available prior to the first delivery and changes to the coding must be provided to the District prior to subsequent deliveries. The District prefers the use by date to be on the case and not printed on the individually wrapped product. Clear wrap packaging is preferred. **No selling prices are to appear on any item delivered.**

All packaging materials are subject to the approval of the Nutrition Services Branch. All cases must be new.

47. INSPECTION OF BIDDER'S FACILITY:

The District reserves the right to inspect the facilities of the Bidder prior to the award of contract and if representatives of the District determine after such inspection that the Bidder is not capable of performance satisfactory to the District, the bid will not

be considered. In addition to physical characteristics to determine capacity, the proposed facility should employ at minimum, industry standards of good manufacturing practices. If a Bidder is located out of town/state and/or products bid are manufactured out of town/state, the Bidder shall bear the transportation costs and accommodations of not more than three (3) District representatives, if any inspection of the facility is necessary, as determined by the District. Should the Contractor vacate approved facility, a re-inspection will be required under the same conditions for the new facility.

48. HANDLING/STORAGE:

All products must conform to the provisions set forth in the Federal, State, City and County laws for their production, handling, processing, marketing, and labeling, and be produced and handled in accordance with applicable sanitary practices. Manufacturing and processing plants shall meet the standards of sanitation as determined by the local health department, State of California, USDA and FDA as applicable.

The District has pest control procedures in place at all of its storage facilities for food items and related products. In order not to compromise these procedures, any product delivered under this contract must have an audit trail that clearly demonstrates appropriate handling and storage practices. This will include providing proof of established sanitation procedures and an active pest control program to ensure proper sanitary conditions exist.

Should the Contractor change physical locations in which the product to be provided to the District is manufactured and/or stored, the Contractor shall notify the District prior to such move. The plant and facilities of the successful Bidder shall be accessible at all times of normal operation for inspection by a District representative. Should this be necessary, this will be performed at the expense of the vendor awarded the bid.

49. TRANSPORTING COLD-STORE FOODS:

All frozen/refrigerated food items shall be delivered in properly insulated mechanical or thermostatic temperature controlled refrigeration equipment. Such equipment must be capable of maintaining a temperature to protect the products. All frozen products must be delivered in a hard frozen state, 0°F or below. All refrigerated items shall be delivered between 32°F–40°F, unless otherwise specified. Items not meeting temperature requirements will be refused and returned to vendor at vendor's expense.

50. POULTRY QUALITY CONTROL:

Manufacturers are prohibited from using federal funds to procure raw or processed poultry products that are imported into the United States from the People's Republic of China, as set forth in the Consolidated Appropriations Act of 2021 (Public Law 116-260). The bidder must complete a China Prohibition Certification form (Exhibit B) for each poultry-containing item submitted during the bidding process.

Production runs at the Contractor's facilities shall be under the monitorship of a USDA Grader (Grader to be furnished by Contractor) from the U.S. Grading Service. Certificates from the USDA Grading Service are to be supplied to the Nutrition Services Branch on a per shipment basis. Each box is to bear Grader's final acceptance stamp. The Grader will be furnished with the School District's full specification. The Contractor's facilities shall be subject to the approval of the Nutrition Services Branch.

The Nutrition Services Branch reserves the right to inspect the Contractor's facilities and to assess all relevant quality control information at any time. The Nutrition Services Branch reserves the right to perform any receiving inspection and testing operations and may reject a shipment of processed product, at portion of which fails to meet the acceptance criteria of these specifications. The Nutrition Service Branch may use any sampling technique to accomplish this inspection and testing. The quality of the actual product must meet or exceed the standards and specifications of the Nutrition Services Branch and the Contractor's submitted standards.

51. METAL DETECTOR:

All products must be examined for the presence of metal by a detection device approved by the Food Safety and Inspection Service (FSIS). The metal detector must be capable of detecting metallic contaminants including, but not limited to, stainless steel shavings, pieces of metal from processing equipment, metal fragments from cutting knives, metal staples, and packing fasteners. The metal detection system used must have the sensitivity to detect a 1.5 mm, 440 stainless steel test standard before final packaging and a 3 mm, 440 stainless steel test standard after final packaging.

The District reserves the right to request documentation from the Contractor at any point during the contract period to ensure the requirement is being met.

52. FDA FOOD SAFETY MODERNIZATION ACT (FSMA) FINAL RULE FOR PREVENTATIVE CONTROLS FOR HUMAN FOOD:

All domestic and foreign food facilities that are required to register with section 415 of the Food, Drug, & Cosmetic Act must comply with the requirements for risk – based preventive controls mandated by the FDA Food Safety Modernization Act

(FSMA) as well as the modernized Current Good Manufacturing Practices (CGMPs) of this rule. It is important to noted that applicability of the CGMPs is not dependent upon whether a facility is required to register.

FSMA requires food facilities to have a food safety plan in place that includes an analysis of hazards and risk-based preventive controls to minimize or prevent the identified hazards. For more information on FSMA, visit fda.gov and search “FSMA Final Rule for Preventive Controls for Human Food”.

53. SAMPLES:

Samples, CN Label (when applicable) or PFS, Nutrition Facts Label, and Product Specification Sheet may be requested before award is made. Each item shall be properly identified as to vendor, bid number, and line item number and must be provided within five (5) working days from date of request.

Failure to provide samples and product documentation as requested may be cause for rejection of bid. Samples shall be provided at no cost to the District.

Samples shall be a representative of the exact item to be provided during the contract period. This includes but not limited to flavor, shape, color, size, packaging, case count, and ingredients.

Bidder must submit samples to:

Long Beach Unified School District – Nutrition Services Branch
Attn: Nutrition Services Purchasing Agent
3333 E. Airport Way
Long Beach, CA 90806
Tel.: (562) 427-7923

The manufacturer/brand, product code, pack code identification, and the ingredients identified on each sample must be consistent with the labels on the products when purchased. Products furnished under this contract, which fail to maintain their standard of quality, will be immediately removed/rescinded from this contract.

All products must conform to the United States Department of Agriculture standards and the provisions set forth in the Federal, State, County, and City laws for their production.

54. PRODUCT TESTING:

If in the opinion of the District, an item purchased on this bid does not conform to specifications or perform to the standards of the previous samples submitted, the District reserves the right to have the product tested by an independent testing laboratory. If the test shows that the product does not conform to specifications or

meet the standards of the samples submitted, the cost of testing will be charged to the vendor and the contract may be cancelled. Items purchased that do not conform to specifications will be returned to seller at seller's expense. Seller shall issue full credit for all items returned.

55. THE BUY AMERICAN PROVISION:

Section 104(d) of the William F. Goodling Child Nutrition Reauthorization Act of 1998 requires that schools and institutions participating in the School Nutrition Programs in the contiguous United States to purchase, to the maximum extent practicable, domestic commodities or products for the use in meals served under the programs.

The legislation defines "domestic commodity or product" as one that is produced in the United States and is processed in the United States, substantially using agricultural commodities that are produced in the United States as defined in 7 CFR 210.21(d). Substantially means over 51 percent of the final processed product (by weight or volume) must consist of agricultural commodities that were grown domestically. Thus, for foods that are unprocessed, agricultural commodities must be domestic, and for foods that are processed, they must be processed domestically using domestic agricultural components that are comprised of over 51% domestically grown items, by weight or volume.

For products procured by the District for use in the Child Nutrition Program using nonprofit food service account funds, the product's food component is considered the agricultural commodity. Food component is defined as one of the food groups which comprises reimbursable meals. The food components are: meats/meat alternates, grains, vegetables, fruits, and fluid milk. Please refer to USDA 7 CFR 210.2 for full definitions.

Limited exceptions to the Buy American provision. There are limited exceptions to the Buy American provision which allow for the purchase of foods not meeting the "domestic" standard as described above (i.e., "non-domestic") in circumstances when use of domestic foods is truly not practicable. These exceptions, as determined by the District, are:

- (1) The product is not produced or manufactured in the U.S. in sufficient and reasonably available quantities of a satisfactory quality; or
- (2) Competitive bids reveal the costs of the domestic commodity or product are significantly higher than the nondomestic commodity or product.

Documentation of non-domestic food exceptions

To be considered for an alternative or exception, the request must be submitted in writing with the bid submission (see Exhibit A for suggested format). This request must include:

- (1) Alternative substitute(s) that are domestic and meet the required specifications:
 - (a) Price of the domestic food alternative substitute(s); and
 - (b) Availability of the domestic alternative substitute(s) in relation to the quantity ordered.

- (2) Reason for exception: limited/lack of availability or price (include price):
 - (a) Price of domestic food product; and
 - (b) Price of non-domestic product that meets the required specification of the domestic product.

Further information regarding exceptions and the Buy American memo, SP 38-2017, can be found at:
<https://www.fns.usda.gov/school-meals/compliance-enforcement-buy-american>.

56. COMPLIANCE WITH THE BUY AMERICAN PROVISION

To ensure compliance with the Buy American provision, the District requires that bidders submit a certification of domestic origin for all the components of the products submitted with their bid. If available, bidder to submit a copy of the case label that identifies the state and the country of origin.

The District may deem a bid as “unresponsive” and ineligible for contract award if certification and/or case label are not included with their bid. Furthermore, should the bidder be awarded a contract, contractor will be required to identify the country of origin for each item listed on the contractor’s packing list/bill of lading and on contractor’s invoice. Noncompliance with the terms and conditions of the contract award and with the Buy American provision may result in contract cancellation.

57. CHOOSE CALIFORNIA PRODUCE ACT:

In compliance with Chapter 7 Part 1 of Division 21 of the Food and Agricultural Code, where price, fitness, and quality being equal, the District will give preference to supplies and produce - that is grown, manufactured or produced in the state of California.

The District requires all bidders to provide information of where the supplies and produce is grown, manufactured or produced for each item submitted on the bid. The District may deem a bid as “unresponsive” and ineligible for contract award for failure to include this information with their bid.

For information on Assembly Bill No. 822 regarding Choose California Produce Act visit: **Ca.gov** and search “AB822.”

58. INVOICE PAYMENT TERMS:

It is preferred that all invoices are transmitted electronically to nsbcafeap@lbschools.net.

Invoices may also be mailed to:
Long Beach Unified School District, Attn: Cafeteria Accounting
3333 E. Airport Way, Long Beach, California 90806

Invoices are to be pre-printed with vendor name and distinctly numbered on a uniformed invoice form. Items, item description, product code numbers, quantities, unit cost, extended amount, contract number and the District purchase order number, as used, must be shown on each invoice. All invoices must be numbered with a distinct number.

The District desires to pay vendors within a 30-day period. Terms less than 30 days will not be considered unless an appropriate discount is available for early payment. Terms less than 30 days will automatically be interpreted as net 30. Vendor is encouraged to offer discount for prompt payment. However, the award of this bid will be determined on the lowest responsive and responsible bidders or bid/offer most advantageous to the program with price and other factors considered, regardless of terms offered.

59. DISCONTINUANCE OF SERVICE:

The District reserves the right to discontinue service of all or any portion of this contract for any reason determined by the School District to be detrimental to the health and welfare of students and school personnel and to hold the Contractor in default.

Additionally, products furnished under this contract, which fail to maintain their standard of quality, will be immediately removed from this contract and the Contractor may be required to supply an acceptable product at no increase in cost to the District.

60. CONTRACT CANCELLATION PROVISION:

All Terms and Conditions including pricing are firm for the duration of this contract. This agreement may be cancelled by the District upon thirty (30) days written notification of intention to cancel the agreement.

Upon notification, the District has the right to order at the price, term, and conditions in effect at any time prior to the effective date of the cancellation of the agreement and required delivery of the items so ordered.

61. PIGGYBACKABLE BID CLAUSE:

For the term of the contract and any mutually agreed extensions, pursuant to Section 20118 of the Public Contract Code, other public entities in the counties of Los Angeles, Orange, Riverside and San Bernardino California may purchase identical items directly from vendor at the same unit prices subject to the same terms and conditions of this bid document to acquire the items awarded herein. The District waives its' right to require other public entities / subsequent piggyback users to draw their warrants in favor of the district or make notification of the use of this bid, and authorizes each public entity to make payment directly to the successful Bidder. Products and services offered within this contract may be accepted or rejected, all or in part, at the sole discretion of the CONTRACTOR upon subsequent use(s) of the agreement. Acceptance or rejection of this condition will not affect the outcome of this proposal.

62. ERRORS IN BIDS/RELIEF OF BID:

Bidders or their authorized representatives are expected to fully inform themselves as to the conditions, requirements, and specifications before submitting bids. Failure to do so will be at the Bidder's own risk and he/she cannot secure relief on the plea of error. In case of error in extension of the prices in the bid, the unit price shall govern at the discretion of the Director of the Nutrition Services Branch.

63. APPLICABILITY:

These terms and conditions are incorporated as requirements for all items listed in the bid form, in addition to the description specified for each separate item.

DEBARMENT AND SUSPENSION

A school food authority is prohibited from contracting with a company or individual that has been debarred or suspended in accordance with 7 CFR Part 3017. This prohibition does not extend to contracts in existence at the time of the debarment/suspension or to most contracts under \$100,000. Rather, it applies to new contracts and extensions or renewals of existing contracts of \$100,000 or more and to contracts for audit services, regardless of amount. This prohibition does not apply to proposed debarments.

Debarment Procedures:

- Upon receipt of information concerning the existence of a cause for debarment, FNS must investigate and determine whether debarment is the appropriate course of action. If so, FNS issues a notice of proposed debarment to the company or individual, explaining the cause for the action and the procedures for opposing the proposed debarment.
- A notice of proposed debarment does not excuse a company or individual from fulfilling existing contracts involving Federal non-procurement programs. Furthermore, a company or individual may continue to enter into new contracts or extend or renew existing contracts involving Federal non-procurement programs during this period of time.
- Within 30 days after receipt of the notice of proposed debarment, the company or individual may submit information in opposition to the proposed debarment. Should FNS determine that debarment is appropriate, the company or individual is debarred for a period of time which reflects the seriousness of the cause, generally not to exceed 3 years.
- During the period of debarment, the company or individual is excluded from any transactions involving Federal non-procurement programs, including the extension or renewal of existing contracts. However, a debarred company or individual is not excused from fulfilling a contract that involves a Federal non-procurement program and that it is in existence at the time of the debarment. For example, a company or individual which is debarred by FNS and which is under contract to supply milk to a school food authority receiving funds under the National School Lunch Program may continue to do business under that contract, but no extension or renewal of that contract is permitted.

Compliance Agreement:

- The existence of a cause for debarment does not necessarily require that a company or individual be debarred, if FNS determines that the company or individual is currently conducting business in a responsible manner and does not pose a threat to the Child Nutrition Programs, the public interest, and the Federal government. In such cases, FNS may consider an alternative course of action, such as a Compliance Agreement.
- Under such an agreement, a company could be required to institute ethics education programs for its employees, report to FNS on its bidding practices, and even restructure management in order to prevent any future misconduct. Such an agreement would allow the company to continue to participate in transactions involving Federal non-procurement programs, while providing the guarantees necessary to assure FNS that the Federal government and the public are protected.

Suspension Procedures:

- FNS may consider a suspension action if FNS receives information concerning the existence or likelihood of a cause for debarment and if immediate action is necessary to protect the public interest. If suspension is deemed to be the appropriate course of action, FNS issues a notice of suspension to the company or individual explaining the cause for the action and the procedures for opposing the suspension.
- A suspension immediately excludes the company or individual from transactions involving Federal non-procurement programs pending completion of legal and/or debarment proceedings. A suspension may be opposed by the company or individual in essentially the same procedural manner as a proposed debarment and cannot extend beyond 18 months unless administrative or legal proceedings have been initiated within that period.
- As with a debarment, the company or individual is not excused from fulfilling contracts involving Federal non-procurement programs. And while the company or individual and a school food authority may continue to do business under an existing contract, the contract may neither be extended nor renewed, nor may the school food authority enter into a new contract with a suspended company or individual.

Certification Statement:

- To ensure that a school food authority does not enter into a contract with a debarred or suspended company or individual, each school food authority must require that each responsive bidder include a certification statement with each bid on each contract. By signing the certification statement, the bidder certifies that neither it nor any of its principals (e.g., key employees) have been proposed for debarment, debarred, or suspended by a Federal agency. It is the responsibility of each bidder to sign the certification statement and submit it with any bid.
- A school food authority may rely upon the certification statement submitted by a bidder unless school food authority personnel know that the certification is in error. In such cases, the school food authority should contact the State agency for confirmation of the bidder's status relative to debarment and suspension.

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this form, the prospective lower tier participant (one who contracts for goods or services exceeds the Federal procurement small purchase threshold fixed at \$100,000) is providing the certification set out on the reverse side in accordance with these instructions.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms “covered transaction,” “debarred,” “suspended,” “ineligible,” “lower tier covered transaction,” “participant,” “person,” “primary covered transaction,” “principal,” “proposal,” and “voluntarily excluded,” as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower tier participant agrees by submitting this form that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant further agrees by submitting this form that it will include this clause titled “Debarment, Suspension, and Other Responsibility Matters” without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
7. A participant in a covered transaction may rely upon a certification of prospective participant in a lower tier-covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Non-procurement List.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Debarment, Suspension, and Other Responsibility Matters

As required by Executive Order 12549, Debarment and Suspension, for participants or respondents in primary covered transactions:

- A. The participant or respondent certifies that it and its principals:
 - (a) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal department or agency;

- B. Where the participant or respondent is unable to certify to any of the statements in this certification, he or she shall attach an explanation to this application.

CERTIFICATION AND DISCLOSURE STATEMENTS

Following is an explanation of Submittal requirements of the *Suspension and Debarment Certification Statement and the Certification Regarding Lobbying* by School Food Authorities (SFA) and Food Service Management/Consulting Companies.

Beginning with the 1998/99 school year, instructions to comply with procurement requirements by completion of these certifications will be included in the annual renewal of School Nutrition Programs.

The applicability of this information begins with the 1998/99 school year and is for SFAs that meet one of the following criteria:

- The SFA's estimated annual federal child nutrition reimbursement will exceed \$100,000.
- The SFA's annual contract with a vendor exceeds \$100,000.
- The SFA utilizes a Food Service Management or Consulting Company and the annual contract exceeds \$100,000.

Suspension and Debarment Certification

This certification is required to be completed by the contractor each time an SFA renews or extends an existing contract that exceeds \$100,000. The certification is also required when an SFA puts out bids for goods and services that will exceed \$100,000. In these instances, the SFA must obtain a completed *Suspension and Debarment Certification* from either the potential vendor or existing contractor before any transactions can occur between the sponsor and the vendor or contractor (7CFR 3017.110). This certification is required as a part of the original bid, contract renewal, or contract extension to assure the SFA that the vendor or any of its key employees have not been proposed for debarment, debarred, or suspended by a Federal agency. While this certification is required for all contracts in excess of \$100,000, it is recommended that they be routinely requested under all procurements. The completed certification is to be attached to the signed contract and maintained on file by the SFA. **Do not submit the certification to the California Department of Education.**

Certification Regarding Lobbying

SFA's that receive in excess of \$100,000 in annual federal meal reimbursement **must** annually complete and submit this certification statement to the California Department of Education (CDE), Child Nutrition and Food Distribution Division (CNFFD). The statement is part of the annual renewal of the SFA's agreement with the California Department of Education, Child Nutrition and Food Distribution Division. In addition, when SFA's put out bids for goods and services or renew/extend existing contracts that exceed the \$100,000 threshold, they are required to obtain a completed *Certification Regarding Lobbying* from either the potential vendors and/or existing contractors before any transactions can occur between the SFA and the vendor or contractor (7CFR 3018.110). This certification is required as part of the original bid, contract renewal, or contract extension.

Also enclosed is the **Disclosure of Lobbying Activities** form. If the potential or existing contractor responds positively to item 2 of the *Certification Regarding Lobbying* statement, also submit the enclosed **Disclosure of Lobbying Activities** form.

Applicable to Both Certification Statements

- Federal law prohibits SFAs from circumventing the \$100,000 threshold by entering into multiple contracts; each of which do not equal or exceed \$100,000, but the aggregate amount of all the contracts will equal or exceed \$100,000.
- Vendors must submit completed certifications to the SFA as part of the original bid, contract renewal, or contract extension. If completed certifications are not included, the original bid is considered non-responsive, and the contract renewal or extension is incomplete. In order for the SFA to consider the original bid or renew/extend the original contract, the vendors must have submitted current certifications to the SFA.

SFAs with Food Service Management or Consulting Contracts

SFAs utilizing food service management or consulting companies **must** include both certification statements in all Requests for Proposals (RFP) and new contracts, as well as contract amendments/renewals submitted to the CDE, CNFDD, for approval. The food service management or consulting company must annually sign and submit to the SFA both the ***Suspension and Debarment Certification*** and the ***Certification Regarding Lobbying***. The SFA is required to sign only the Certification Regarding Lobbying

Summary

- ***Suspension and Debarment Certification***
 1. The SFA must include this certification in all RFPs that result in an annual contract in excess of \$100,000.
 2. A contractor is required to sign this certification when a contract or renewal contract with an SFA exceeds \$100,000 annually in federal funds.
 3. The SFA retains certification signed by contractor with executed contract and maintains it on file.
- ***Certification Regarding Lobbying***
 1. The SFAs receiving in excess of \$100,000 in annual federal reimbursement must sign and submit this certification during the annual renewal of the School Nutrition Programs participation.
 2. SFAs must obtain this completed certification from any potential or existing contractor as part of any original contract or contract renewal/extension that exceeds the annual expenditure of \$100,000 in federal funds.
 3. The **Disclosure of Lobbying Activities** form may need to be completed if any payment has been made or will be made to any person or lobbying entity. (Item 2 of **Certification Regarding Lobbying**.)
