

Students: Joining a Zoom Meeting

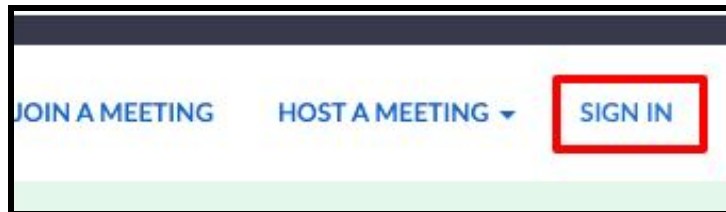

Chromebook: [Video Tutorial](#)

These steps must be followed to ensure that students can access their LBUSD Zoom classrooms.

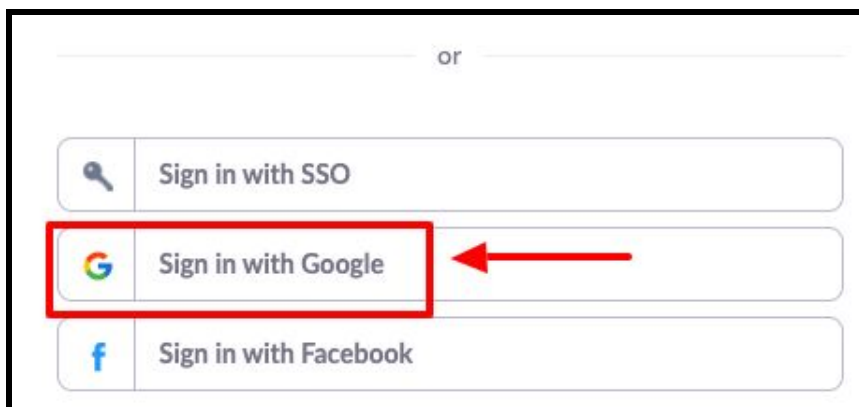

Step 1: Student Authentication in Zoom (only has to be completed once unless you switch Chromebooks)

1. Log into Chromebook with a district provided Google account.
 - a. SID@student.lbschools.net OR
2. On a personal computer, go to **google.com** and make sure that you are logged into your district Google account.
3. Go to zoom.us

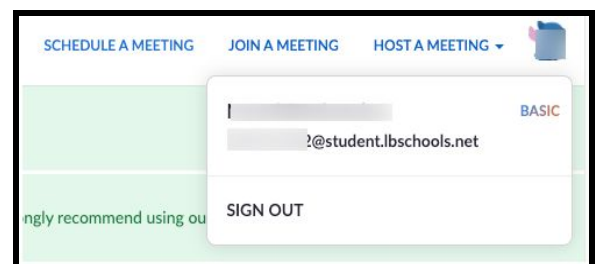

4. Click **Sign in**.

5. Scroll down and click on **Sign in with Google** and select your district Google account.

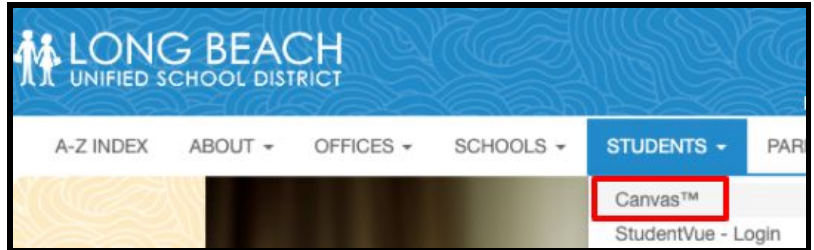

6. Click on your profile icon to verify that you have completed the authentication process.

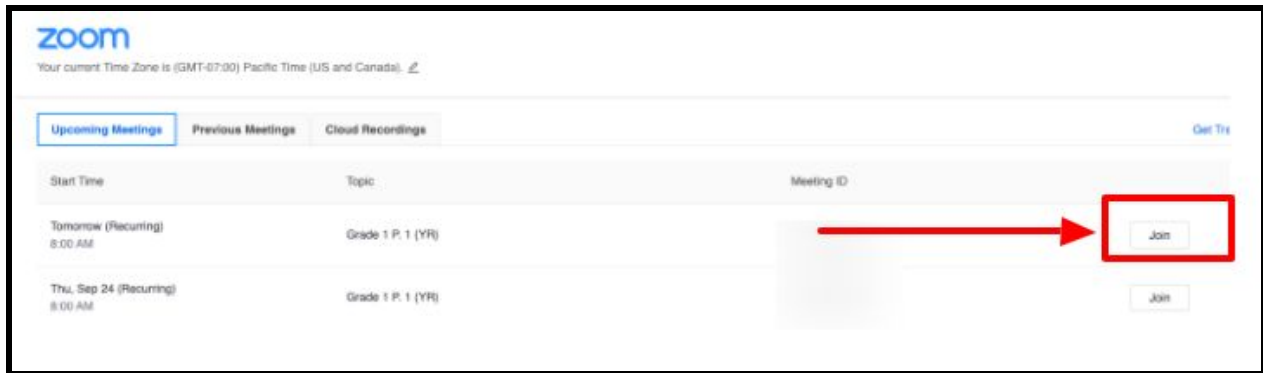

Step 2: Access Zoom Meeting Link through Canvas

1. Next, go to www.lbschools.net under **Students** click on Canvas to log in.

2. Go to your Canvas course to see your Zoom meeting. Click **Join**.

Zoom Authentication

- Only students who enter with their District email Accounts (***SID@student.lbschools.net***) will be admitted into the Zoom meeting for attendance purposes.
- If prompted by your teacher, enter your first and last name as it appears on your student record.
 - *If you plan to use an alternate name, make sure you have notified your teacher beforehand, and use your last name which matches school records.*
- If the teacher does not recognize your name because it doesn't match their roster, change your display name upon entry to your student ID and then discuss with the teacher your name preference.
