### 4. SPECIFICATIONS

See Attachment A

### 5. EQUIVALENT BRANDS

Since components listed in this RFB will be added to existing systems, it's a requirement of this RFB that all items be 100% compatible. Nothing stated herein is intended to be restrictive against a particular brand offered. However, equipment, which is not completely compatible, may be rejected on that basis.

Manufacturer's specification sheets for devices being bid, other than those specified herein, must be included within the bid. Specification sheets must be complete and demonstrate clearly the product's ability to meet district specification requirements. The responsibility to provide these sheets rests solely with the Bidder. The district reserves the right to make final determination regarding conciseness and completeness of specification sheets provided. Failure to meet this condition may result in rejection of bid.

If bidding **other than specified**, samples **MUST** be submitted upon request within five (5) business days. Failure to supply samples may be cause for bid rejection. All samples submitted must indicate bid number, bid item number, vendor name; brand and model/mfg. number on **outside of each package**. Deliver package of samples to 2201 E. Market St., Long Beach, CA 90805. Bidder is responsible for all cost of samples and freight, including return service.

### 6. AWARD

#### a) Method

After the public bid opening, where the apparent low bid is identified, bids will be reviewed to ascertain that they are in compliance with the RFB requirements. Bidders may be deemed non-responsive for failure to comply with the requirements set forth herein. Evaluation of responsive Bidders will be based on, but not limited to such factors as ability to deliver products in a timely manner, appropriateness and quality of materials, length and scope of the warranties and pricing.

Items in this bid will be awarded as one lot. The use of lot awards is intended to insure consistency of use and quality. The District reserves the right to cancel or withdraw any item(s) before award and proceed with an award on the remaining items. Bidders must submit a price for each item. Failure to meet this condition may result in rejection of the bid. If an alternate item is bid and rejected within a lot, it may result in rejection of the lot.

In the event there are two or more identical lowest bids, the District will award to the local vendor (if any). If there is no local vendor, award will be determined in compliance with Public Contract Code 20117.

**b) Award Notification**

A Notification of Intent to Award will be issued to all participating Bidders identifying the lowest responsible/responsive Bidder.

Bids are subject to acceptance within sixty (60) days of closing date, and all bids shall remain irrevocably in effect for sixty (60) days after the bid closing date.

**c) Commencement of Services**

A written purchase order results in a binding contract without further action by either party. A Purchase Order will be issued once:

- Board authority is granted
- Insurance requirements have been met, if applicable
- Verification of current vendor W-9 Tax Form

**d) Reservations**

The District reserves the right to:

- Reject any and all bids, or any part of any bid
- Accept any part of the bids, at prices quoted, to the best advantage of the District, unless Bidder by indicating on bid positively limits his bid to "all or none"
- Waive any informality or minor irregularity in any bid

**7. CLARIFICATION AND INTERPRETATION**

The words "must" or "will" or "shall" in this RFB indicate mandatory requirements. Taking exception to any mandatory requirement may be grounds for rejection of the bid.

The District wants to avoid any misunderstanding where it is assumed that a feature is included in the bid and turns out to be an optional, extra cost feature. Any features that are optional, extra cost items shall be clearly referenced as such in all correspondence, including RFB questions and the written Bid Form.
