Parent Involvement Focus Area(s):

Birney Elementary School staff will offer all parents the opportunity to attend parent involvement activities throughout the school year. Activities will be based around academic areas and needs, and take into consideration ideas, suggestions and feedback from parents to be used in the planning, review, evaluation, and improvement of parent involvement offerings. Information and/or training will be provided to parents to help them support their child's learning outside of school. Efforts will be made to accommodate the schedule of parents and to respectfully recognize differences due to culture, language, socio-economic status or religion. Staff will communicate information in a timely manner about parent involvement activities, educational expectations/proficiency levels, assessments, students progress, curriculum, and other school information in a language and manner understandable to most parents.

Expected Outcome:

Increased parental involvement in activities for increased student achievement and success.
