2020-2021
PROFESSIONAL DEVELOPMENT PLAN**

School: Hamilton

Principal(s): Jorge Montanez

Submit Date: September 3, 2020

Status: Approved

Professional Development Focus Area(s):

The purpose of providing professional development is to ensure that we are continuously providing education to our teaching staff to benefit the students. All professional development is aligned to school and district goals. There are accountability measures to ensure that teachers are following the professional development provided and all professional development is purposeful and supports the new Common Core standards. By working together we ensure a team approach and uniformity across the campus. Data is collected throughout the year in order to ensure that students are making significant gains.

Expected Outcome:

We expect that students show growth in all goal areas. Goals are established at the beginning of each school year based on the data we collect at the end of the previous school year. We will look at district and teacher created assessments to determine our focus goals for the new school year. This past year we have focused on ensuring that our lessons were meeting Common Core standards.
