

Instructions for **Science & Engineering Treasure Hunt**

WOWZO!!!

Encourage your students to *discover exciting sites of the fair* during their free time "exploration hour" when your school is not being reviewed!

Students complete all the activities on the **Science Treasure Hunt blue card**.

- 1 Science Treasure Hunt question with the hypothesis and answer filled in. Questions are on the colorful sign post outside the northeast corner of the BIG Gym (between the BIG Gym and the main parking lot. Answers are at the school sign or table listed on the question card they chose.**
- 2 Projects from other schools with the "Something I Learned" filled in.**
- 3 Interactive Science Sessions stamped with the titles filled in.**

We hope that teachers will give students possible extra credit or other type of school-based reward when they turn in their completed Science Treasure Hunt cards at school.
